Motorola EX600·XLS Applications

The EX600·XLS Series Radios can be used for a variety of applications. Here are a few examples of some key industries:

Hospitality

EX Series Radios are ideal for hotel management, food & beverage, concierge service, valet parking, and more. These small, sophisticated radios are preferred for powerful communication, with professional look. The radio's small size also works well in Casinos where they can be used discreetly.

Event Management

Compact EX Series Radios help event planners stay well connected to ensure every event – from corporate meetings and functions to major sporting and philanthropic events-- is a success. Golf tournament officials keep these radios in the palm of their hand to finalize rulings, maintain leader board scoring, check on the latest weather updates, and manage crowd control.

Security/Public Safety

The EX Series Radios are excellent for security or public safety users, who want a small radio to place in a discrete location or even a pocket. Police Sergeants to Fire Chiefs can enjoy the benefit of utilizing a powerful radio that won't weigh them down.

Manufacturing

The compact and lightweight EX Series Radio makes it easier for manufacturing workers and management to step up communications without being weighed down.

Motorola EX600 Accessories

Motorola original a udio accessories enhance your communication system. Remote speaker microphones offer the convenience of communication without having to remove the radio from your belt. Lightweight headsets provide hands- free communication so you can work and communicate simultaneously. Comfortable earpieces mute the radio speaker while channeling the audio directly to your ear, so you can monitor transmissions clearly and privately.

Batteries

Motorola original b atteries with different chemistries to best suit your needs help keep your EX600 radio fully functioning at all times, so you can rest assured they are ready whenever you need them.

Motorola EX600 FAQ's

What is the warranty for the Motorola EX Series radios?

Three years is the standard warranty on Motorola EX Series radios. You also have the option to purchase an additional one year of warranty coverage, which would provide you with a total of four years of coverage!

If I have Motorola Visar portable radios, can I use the same accessories for my Motorola EX Series radios?

In fall 2001, an adapter will be available, allowing you to use numerous Motorola Visar accessories with the Motorola EX Series radios.

If I have other Motorola radios, can I use the same accessories for the Motorola EX Series radios?

No. The Motorola EX Series portable radios utilize unique accessories. A variety of microphones, headsets, earpieces, and more will help you customize the radio to meet your individual needs.

If I have Motorola HT Series portable radios, can I use the same single unit and multi-unit chargers for the Motorola EX Series radios?

Yes, for your convenience you can charge the Motorola EX Series radios in the same chargers as Motorola HT Series radios: the single unit rapid rate charger (Motorola Part # AAHTN3000), and rapid rate multi-unit charger, (Motorola Part # AAHTN3003C or more current version).
